

NEW YORK PRIMARIES SHOW GROWTH OF NONPARTISANSHIP

Mayor Mitchel, Democrat, Nominated By Republicans, Defeats Veteran Republican—Administration One of the Best Gotham Has Ever Had—Executive Was Death to Public Grafters and Political Captains

By RILEY H. ALLEN.

NEW YORK, N. Y., Sept. 29.—Mayor Mitchel's victory at the city nominating primaries yesterday furnished to the United States, and with some special force to Honolulu, a remarkable evidence of the growth of non-partisanship in municipal politics.

Here in New York, the largest city in the United States—and now the largest in the world—there is being worked out an experiment that is no longer an experiment—that of non-partisan administration in city government, under circumstances where it is particularly difficult to divorce city officialdom from national party alignment.

It is no longer an experiment because Mayor Mitchel's administration is admittedly one of the best this city has ever seen, probably the best since Greater New York came into being.

Mitchel has been renominated for mayor by a majority of 1,419 votes out of more than 70,000. The small margin of his victory over ex-Senator William M. Bennett may be accounted for partly because Mitchel's triumph was thought to be so easy that his friends didn't work; and partly because his administration has been so impartial and efficient that he has made numerous enemies among the public and semi-public grafters and the hordes of petty political captains.

Mitchel in national politics is a Democrat. But, to illustrate how sure non-partisanship is winning, he was renominated for mayor in the Republican primaries. The exact details of the alignments I do not know but it is evident that his candidacy in this fashion is part of the non-partisan developments. At any rate, it is sufficiently noteworthy that he defeated a veteran Republican and a man who had organized his campaign in detail, whereas Mitchel seems to have had no organization worth the name.

The election contest will find Mitchel opposed by Tammany's Democratic candidate, Judge John F. Hyland. Tammany is making a desperate effort to retrieve its shattered fortunes, and hopes to do so by ousting Mitchel and renewing its long reign of privileges and perquisites, but the general sentiment I get from talking to men on the streets, at clubs, in the subway, on the elevated, etc., is that the friends of Mitchel will rally to him strongly as

the danger begins to materialize and he will be re-elected.

It is worthy of mention that Mitchel has the support of the New York papers almost without exception, of all faiths and creeds: that ex-President Roosevelt, Elihu Root and Charles E. Hughes have come out openly for him and that it looks as if the women's organizations would back him. This speaks well for non-partisanship. Of course the fusion forces which elected him four years ago will back him again, though there has been some alienation among these.

The New York Times this morning, commenting on his renomination, says:

"Mayor Mitchel's nomination, by however small a majority, in a primary attended by all the politicians and only a few of the voters of the Republican party, is a sign that we are living in better times than we once did. Not many years ago the idea of a Democrat carrying a Republican primary with a Republican running in opposition to him would have been impossible. It is beyond debate and it is not seriously denied, that Mayor Mitchel is the best mayor New York ever had, that his administration has been for the behoof of no party, but solely for the interests of the city. Non-partisan city government has become an accepted idea of thoughtful citizens."

Mitchel's administration had certainly proved that non-partisanship is the right principle for city government. His appointments have been made on the basis of efficiency first, and that is worth thinking over in Honolulu as well as elsewhere under the American flag.

Liberty

Loan

Questions answered

Why is it called the Liberty Loan?

Because it will make possible our victory in this war being fought for the essential principles of LIBERTY.

What is the total issue of bonds?

Congress authorized the issuance of bonds for five billion dollars. The first loan was for \$2,000,000,000; this second issue is for the remaining \$3,000,000,000.

How will the money be used?

For the purchase of war supplies of all sorts for the United States. Certain sums will be loaned our allies from time to time, most of which will be expended again in this country.

How do Liberty Bonds compare with other investments?

They are the safest investment in the world today.

What security is back of these bonds?

All the resources of the United States of America.

Can I sell these bonds after I get them?

No doubt of it. You will probably find them worth more than what you will have paid for them. Every United States bond so far issued has commanded a market far above its face value before maturity.

What interest do they pay and when?

4 per cent per year. 2 per cent will be paid in May, and 2 per cent in November.

When do the Bonds mature?

November 15, 1947. But the United States may redeem them if it wishes to, in 10 years, or Nov. 15, 1927, in whole or in part.

Can I give a bond to someone else, as a gift?

Yes. By merely delivering it to him when you get the bond.

When do I get the Bond?

As soon as the bonds arrive here. This may be several months.

What do I get in the meantime?

A receipt which will be exchangeable for the real bond when it arrives.

What will the bonds cost?

The bonds are in denominations of \$50, \$100, \$500, and \$1000.

Do I have to pay a commission to the bond house or broker?

NO! Bond houses have volunteered the services of their organizations to the government. The government gets the full face amount of the bonds you buy.

What is the best size bond to get?

Depending upon your circumstances. But the larger the better.

Can I buy the bond on an instalment plan?

Yes. The government has a plan for making payments.

2% with application.

18% before November 5.

40% before December 5.

40% on or before January 5.

How can I get an application blank?

PARKER RESIGNS AS MINISTER OF OLD KAWAIAHAO

Commission is Named to Try and Settle Difficulties Which Have Rent Congregation

Fulfilling his assertion that he would leave the pulpit unless there was a speedy end to factional fighting in the congregation, Rev. H. H. Parker, for the last 52 years pastor of Kawaiahaeo church, announced his resignation at the services yesterday morning. Mrs. May Wilcox, niece of the pastor and for years superintendent of the Sunday school, also resigned.

Rev. Mr. Parker gave no reason for his resignation. He made the announcement after communion, saying it would be his last communion with the congregation as he desired to conclude his long connection with the church. Mr. Parker was the fourth pastor of Kawaiahaeo and began his work in 1865.

Revs. Henry P. Judd and J. P. Erdman and Theodore Richards, appointed some time ago by the Hawaiian board to assist in straightening out the difficulties in the Kawaiahaeo congregation, reported recently suggesting the appointment of a commission of three members and three alternates to endeavor to bring the factional fighting to an end. The suggested commission is composed of Hon. Sanford B. Dole, Hon. Walter F. Frear and William Kamae. The alternates are Attorney William L. Whitney, C. H. Cooke and Albert Judd. In part the committee report is as follows:

"We therefore recommend to your body as follows:

"1.—That a commission be appointed including men of Christian character and prominence in the community, say to the number of three with an equal number of alternates should they be unable to serve.

"2.—That there be submitted to this body certain questions involved in the trouble at Kawaiahaeo, and that this body request the two contending bodies of Kawaiahaeo to accept the findings of this commission on the questions proposed and that they make such changes in the present situation at Kawaiahaeo as will conform to such findings.

"3.—We suggest as proper questions to be submitted the following.

"1.—The relation of the C. E. to the church in general and particularly the two so-called C. E. societies in Kawaiahaeo to their church.

"2.—The status of the membership of Kawaiahaeo but more particularly those members which have been suspended or dropped from the roll. This question involves the practice of dealing with members in the matter of suspension and dismissal.

"3.—The relation of the trustees of the property to the conduct in its worship and general procedure. This last question involves a minor point of superintendence of such offices as janitor, etc."

MEXICANS CAUGHT BY PERSHING GO TO PENITENTIARY

SILVER CITY, N. M., Sept. 15.—The last chapter in the tragic story of the raid by Francisco Villa on Columbus, N. M., has been recorded by the transfer of 17 Mexicans who participated in the raid from the jail here to the state penitentiary at Santa Fe, where they are to serve long sentences for murder.

These men were captured by the punitive expedition commanded by Gen. J. J. Pershing in Mexico. They are said to have been leaders in the raid, and at the recent trial each of them pleaded guilty to second degree murder. They were sentenced to terms of imprisonment ranging from 17 to 50 years.

The trial was held before Judge R. R. Ryan of the district court of Deming and the prosecution was conducted by District Attorney J. S. Vaught. Several of the prisoners were wounded in the battle following the raid upon Columbus and have not yet recovered therefrom.

MYSTIC LODGE, K. OF P., WILL BUY BONDS AND AID RED CROSS WORK

At a meeting Friday evening, Mystic Lodge, Knights of Pythias, directed its trustees to purchase \$500 Liberty bonds of the second issue. Also it was voted to contribute \$10 monthly to the American Red Cross fund. Mystic Lodge at a previous meeting purchased \$500 of the first issue of Liberty bonds, and voted to "adopt" two French orphans.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
